

Our Babies home learning topic this week is all about:

Summertime

Here are some suggested activities for you to carry out at home. Feel free to add or make changes to suit your child's needs. We would love to find out how you get on, please email photos to oakengates.admin@taw.org.uk

Ice cube painting

Fill some ice trays with water and add food colouring. Add a lollypop stick in each part and freeze. Once frozen you can use them to make some colourful pictures and the ice will melt away.

Garden water painting

This activity is great for children of all ages, all you need is a container of water and a paint brush.

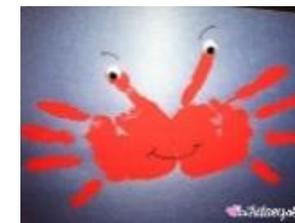

Dip the paintbrush in the water and make marks on the pavement or fence. There is no mess because it will all disappear when the sun dries the water.

Use household decorating brushes to create different kinds of marks.

Hand panted crab pictures

Paint your child's hands and simply print them side by side to make a crab shape, then draw on eyes and other features

Songs and Rhymes

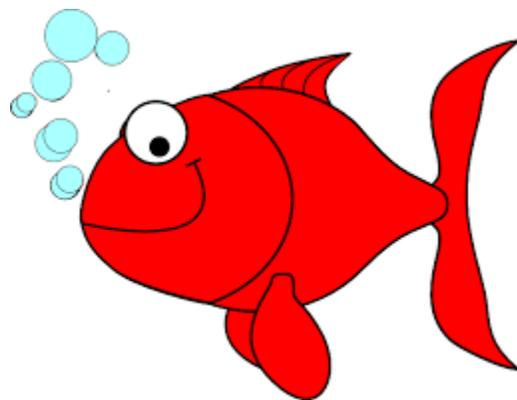

The sun has got hit hat on

The sun has got his hat on,
Hip-hip-hip hooray,
The sun has got his hat on and he's coming out to play.

1, 2, 3, 4, 5, Once I caught a fish alive

One, two, three, four, five,
Once I caught a fish alive.
Six, seven, eight, nine, ten,
Then I let it go again.
Why did you let it go?
Because it bit my finger so.
Which finger did it bite?
This little finger on the right.

Sensory Soup/Potions

Make a soup/potion by adding items to water such as sliced lemons, petals and other items that your child can enjoy mixing, feeling and smelling.

Tell us about your soups and potions by sending us your Photos through Parent Zone

Padding pool fun

Add different scooping and filling object in your child's paddling pool e.g. cups, spoons, bowls.
Use language such as 'scoop', 'pour', 'water', 'tip', 'fill', and more to help your child learn new words and communicate what they are doing.
